NUTRIENT REFERENCE-USE LICENSE

Copyright © 2026 PSPDFKit GmbH d/b/a Nutrient (“Nutrient”). All rights reserved.

This reference implementation, together with any modifications or derivative works of it made by or for the Recipient (collectively, the “Sample Code”) is proprietary to Nutrient and is provided solely to the recipient named in the applicable agreement or communication granting access (the “Recipient”) to assist Recipient in evaluating and testing the Nutrient Products (as the term is defined in the Nutrient SDK UELA). The conveyance, license, and use of such Sample Code are governed by this Nutrient Reference-Use License Agreement (the “License” or “License Agreement”). Recipient’s access to and use of the Nutrient Products is and shall continue to be subject to the Nutrient Software Development Kits User Evaluation License Agreement available at https://www.nutrient.io/downloads/legal/Nutrient_SDK_User_Evaluation_Subscription_Agreement.pdf (the “Nutrient SDK UELA”), until such time as Nutrient and Recipient enter into a signed agreement conveying further rights to use and access the Nutrient Products. In the event of a conflict between the terms of this License Agreement and the Nutrient SDK UELA and in cases where this Nutrient Reference-Use License Agreement is silent on any matter, the terms of the Nutrient SDK UELA shall control.

1. Acceptance

By accessing, downloading, cloning, or otherwise using the Sample Code, Recipient accepts and agrees to be bound by this License. If Recipient does not agree, Recipient must not access or use the Sample Code and must promptly delete all copies in its possession or control. Recipient may permit access to the Sample Code only by those of its employees and contractors who require access for the Permitted Purpose and who are bound by written confidentiality obligations at least as protective as those in Section 4.

2. License Grant

Subject to the terms of this License, Nutrient grants Recipient a limited, non-exclusive, non-transferable, non-sublicensable, revocable license to access, use, and run the Sample Code, and to modify it, solely for Recipient's internal, non-production evaluation and testing of the Nutrient Products (the “Permitted Purpose”). No other use is authorized or permitted.

3. Restrictions

Except as expressly permitted above, Recipient may not:

(a) redistribute, publish, sell, sublicense, or otherwise make the Sample Code available to any third party;

(b) use the Sample Code, or any portion of it, in any production, live, or customer-facing environment, or in connection with any product or service offered to others;

(c) copy, incorporate, or otherwise reuse the Sample Code, in whole or in part, in Recipient's own applications, products, or codebases, except as necessary to run it for the Permitted Purpose;

(d) use the Sample Code as, or as part of, a standalone product or service;

(e) remove or alter any copyright or proprietary notices contained in the Sample Code; or

(f) use Nutrient's name, trademarks, or logos to endorse or promote any product without Nutrient's prior written consent.

4. Confidentiality

The Sample Code contains proprietary and confidential information of Nutrient. Recipient shall not disclose the Sample Code to any third party without Nutrient's prior written consent.

5. Production Use Requires a Paid License

This License does not authorize any production use of the Sample Code or of any Nutrient Product. Before deploying any application in production, whether or not it incorporates or is derived from the Sample Code, Recipient must obtain a separate paid commercial license from Nutrient covering the applicable Nutrient Product(s).

This sample uses the Nutrient Web SDK (in-browser viewing, annotation, and signature capture) and the Nutrient DWS API (server-side digital signatures), each of which requires its own paid credential for production use. A commercial license or credential held by Recipient for any other Nutrient Product does not satisfy this requirement.

Please contact **sales@nutrient.io** for details. Nothing in this License grants any right to use Nutrient SDKs, APIs, cloud services, or other Nutrient intellectual property beyond running the Sample Code for the Permitted Purpose. Upon Recipient's purchase of the applicable commercial license(s), the restrictions in Sections 3(b) and 3(c) shall no longer apply to Sample Code incorporated into the application covered by that license.

6. Ownership

The Sample Code is licensed, not sold. Nutrient retains all right, title, and interest in and to the Sample Code, all related intellectual property rights, and all Nutrient intellectual property embodied in any modification or derivative work of the Sample Code. Recipient retains ownership of any original code it authors, excluding any Nutrient intellectual property embodied in that code, and its ownership does not relieve Recipient of the restrictions in Section 3 or the obligations in Sections 4 and 11.

7. Third-Party Components

The Sample Code includes or depends on third-party software components (including, for example, PostgreSQL and Next.js) that are not owned by Nutrient. Such third-party components are excluded from the definition of "Sample Code" and from Sections 4 (Confidentiality) and 6 (Ownership), and are licensed to Recipient solely under their own applicable license terms, which this License does not modify, limit, or supplement. Nutrient makes no warranties, and provides no maintenance or support, with respect to any third-party components.

8. No Support

Nutrient is under no obligation to provide maintenance, support, updates, or enhancements for the Sample Code.

9. Disclaimer

THE SAMPLE CODE IS PROVIDED “AS IS,” WITHOUT WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, OR NON-INFRINGEMENT.

10. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, NUTRIENT SHALL NOT BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES, OR ANY LOSS OF PROFITS, REVENUE, DATA, OR BUSINESS INTERRUPTION ARISING OUT OF OR RELATED TO THE SAMPLE CODE OR ITS USE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

IN NO EVENT WILL NUTRIENT’S TOTAL AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THE SAMPLE CODE OR THIS LICENSE EXCEED ONE HUNDRED U.S. DOLLARS ($100). THE EXCLUSIONS AND LIMITATIONS IN THIS SECTION APPLY NOTWITHSTANDING THE FAILURE OF THE ESSENTIAL PURPOSE OF ANY LIMITED REMEDY AND ARE AN ESSENTIAL BASIS OF THE BARGAIN BETWEEN THE PARTIES. NOTHING IN THIS LICENSE EXCLUDES OR LIMITS LIABILITY THAT CANNOT BE EXCLUDED OR LIMITED UNDER APPLICABLE LAW.

NUTRIENT RESERVES ALL RIGHTS AND REMEDIES AVAILABLE TO IT, IN BOTH LAW AND EQUITY, FOR ANY BREACH OF THESE TERMS BY RECIPIENT.

11. Term and Termination

This License remains in effect until terminated. Nutrient may terminate this License at any time, with or without cause, upon notice to Recipient (email sufficient), and this License terminates automatically upon any breach by Recipient. Upon termination, Recipient must cease all use of the Sample Code, destroy all copies in its possession or control, and certify in writing that it has done so. Upon Nutrient's request, Recipient must also provide reasonable proof of its adherence to the obligations in this Section.
